CFRS RADIO

March 25th, 1959.

Mr. Ron B. Schiller,
Sharp Hall, Room 205,
University of Delaware,
Newark, Delaware.

Dear Mr. Schiller:

We are pleased to confirm your reception of our station from 6:06 p.m. to 6:13 p.m. March 17th.

The fact that you mention four (4) carriers on the same frequency more or less fighting for predominance is not unusual, although we experience most of our difficulties with WQXR. Simcoe's location is lat. 42° 50' 28" N. -- Long. 80° 15' 50" W.

Thanking you for your interest, I remain,

Yours truly,

Robt. Watmough,
Chief engineer.
